ROAD AND AIRPORT  
SERVICING

Airport sweepers manufactured by TITAL COMPANY LLC provide fast and high-quality care for the condition of runways and other roads in the airport throughout the calendar year.

# POLYPROPYLENE TANKS

drinking water thermoses and  
tanks for aggressive liquids

Thermoses for drinking water maintain a normal temperature so that the water does not freeze at low temperatures and does not heat up in hot conditions.

Tanks for storage and mixing of chemicals are designed for the oil and gas industry.
